I will double check for you on the full FRN. I think the NHPA paragraph was still being worked on so I'll get back to you.

Thanks, Mindy—I think this looks fine—will the draft FRN in total be sent to me as well, or is it going to Dave, David, and Mary next?

Also, I'd like to see the draft NHPA sister paragraph too.

Thanks!

John

Hey John,

Are you comfortable with the language below for the FRN announcing FL's package? I put a bug in Owen's ear to bug Dave about getting us edits to the memo since we really need that wrapped up for multiple reasons, especially since we will likely get the FL package tomorrow.

thanks

**Subject:** language on ESA consultation to include in FL FRN

Hi Mindy,

Per our discussion this am. Could you confirm with John that he is okay with the following language in the FL FR notice. The intent is to be transparent that we are consulting and point to the decision elsewhere on EPA's website (where the Memo to the RA's will be posted). Simma and Matt are crafting similar language regarding NHPA consultation but the FRN will solicit public comment on impacts to historic resources per NHPA requirements.
